

# Allah Made

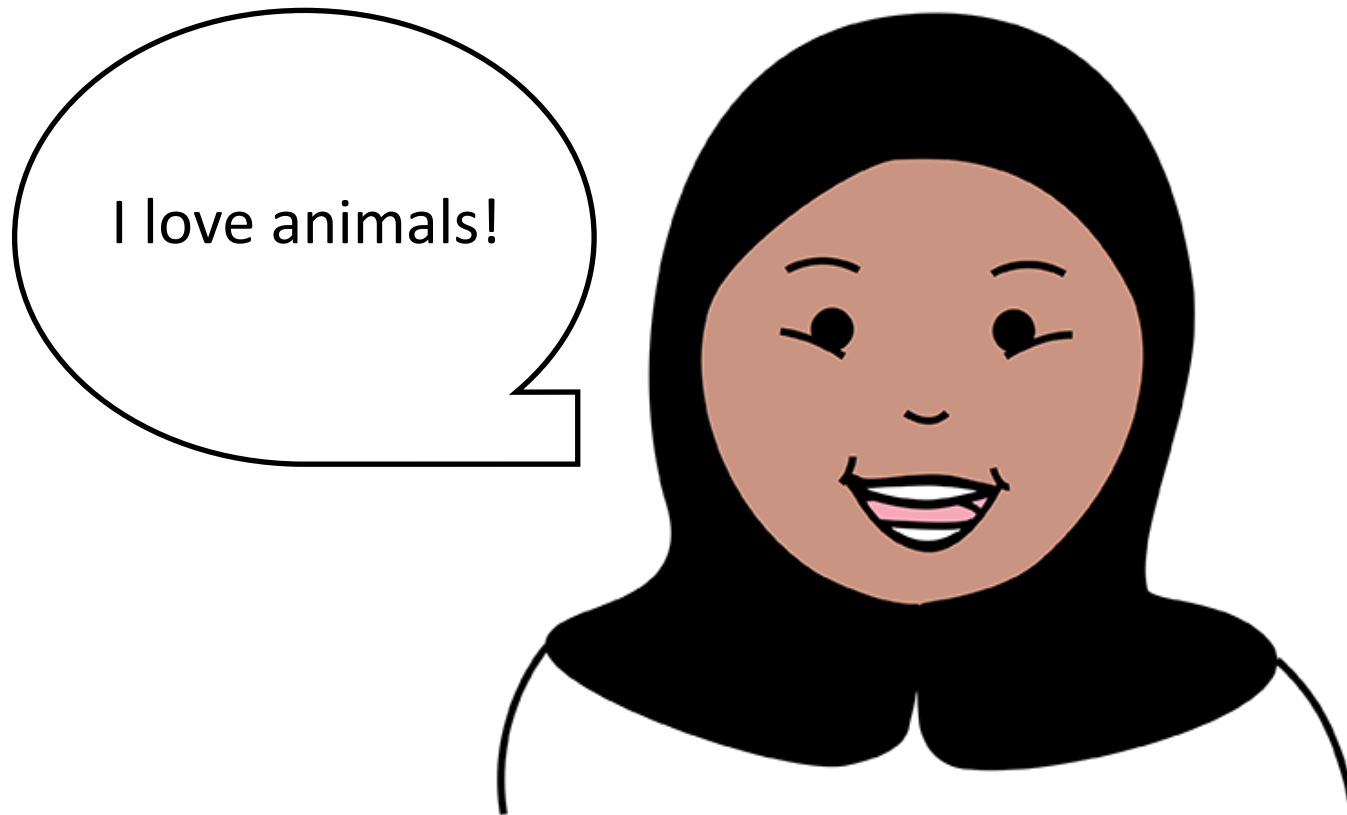

# All the Animals

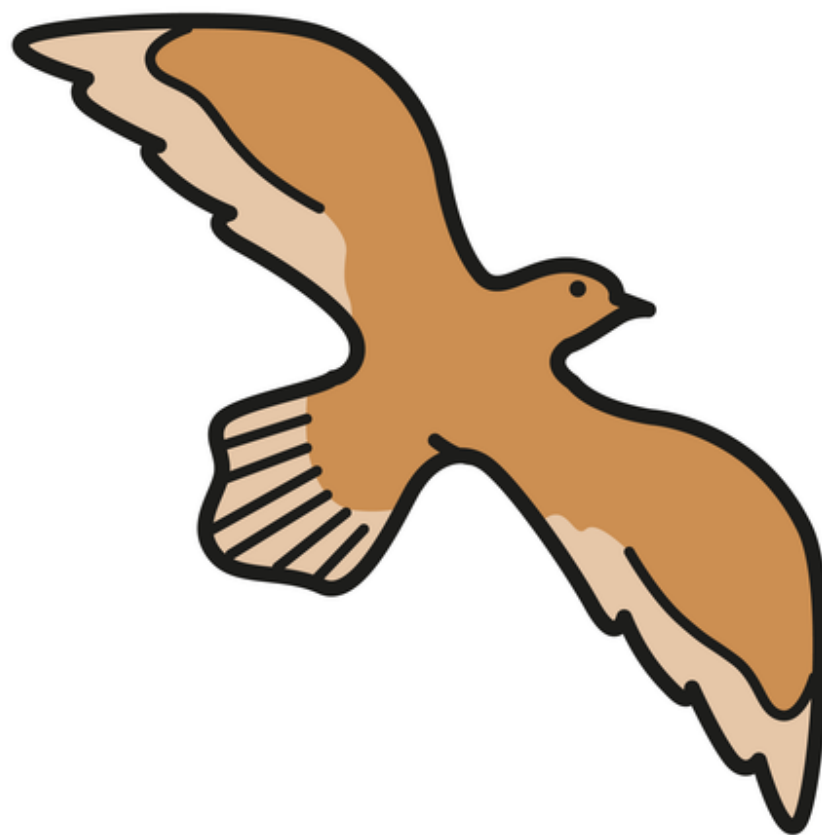

Allah made everything. Allah  
made me and you.

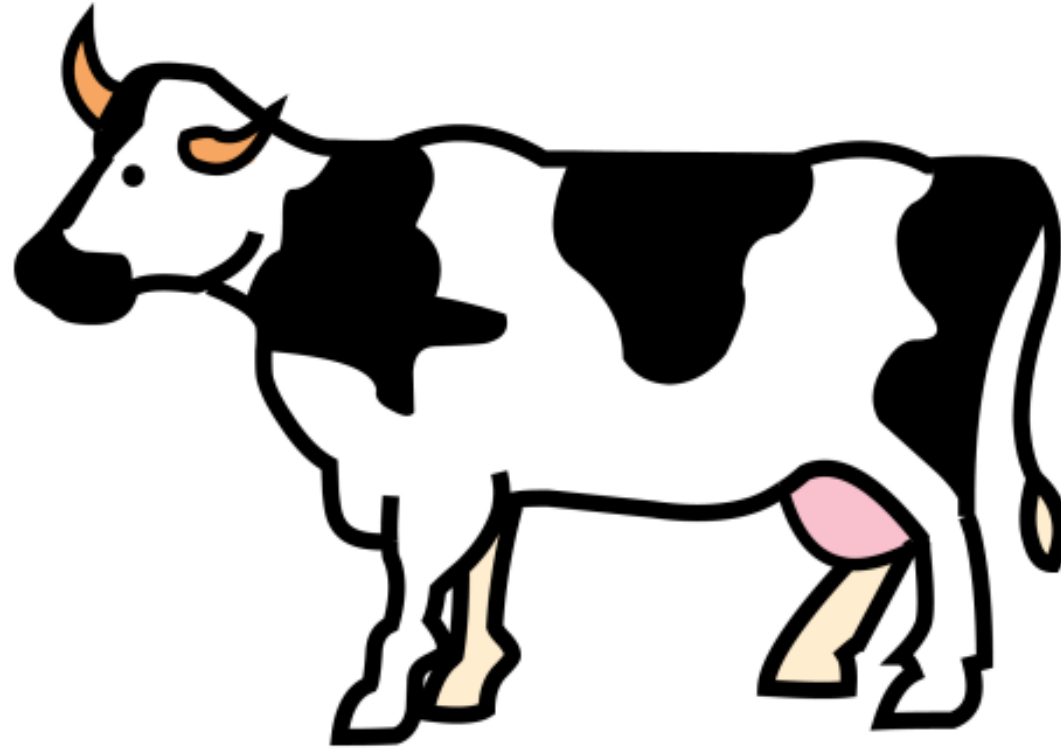

Allah made everything. He made  
all the animals too.

Animals are my friends! Let me tell  
you about them too.

Allah made the Birds. A Bird can fly up high. How many wings does it have? 2!

Allah made cows. A cow goes,  
“moo moo.” Its name is in the  
Qur’an, on page number 2!

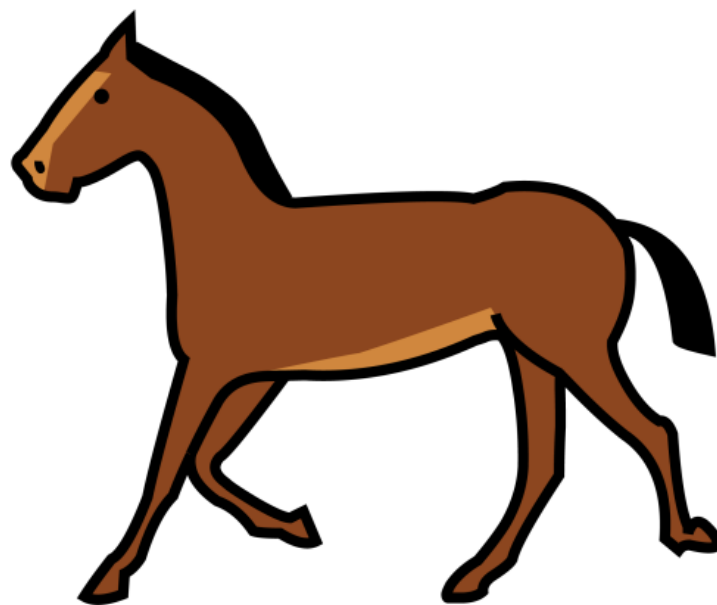

Allah made Bees. Bees live in a  
community with others, just like  
me and you!

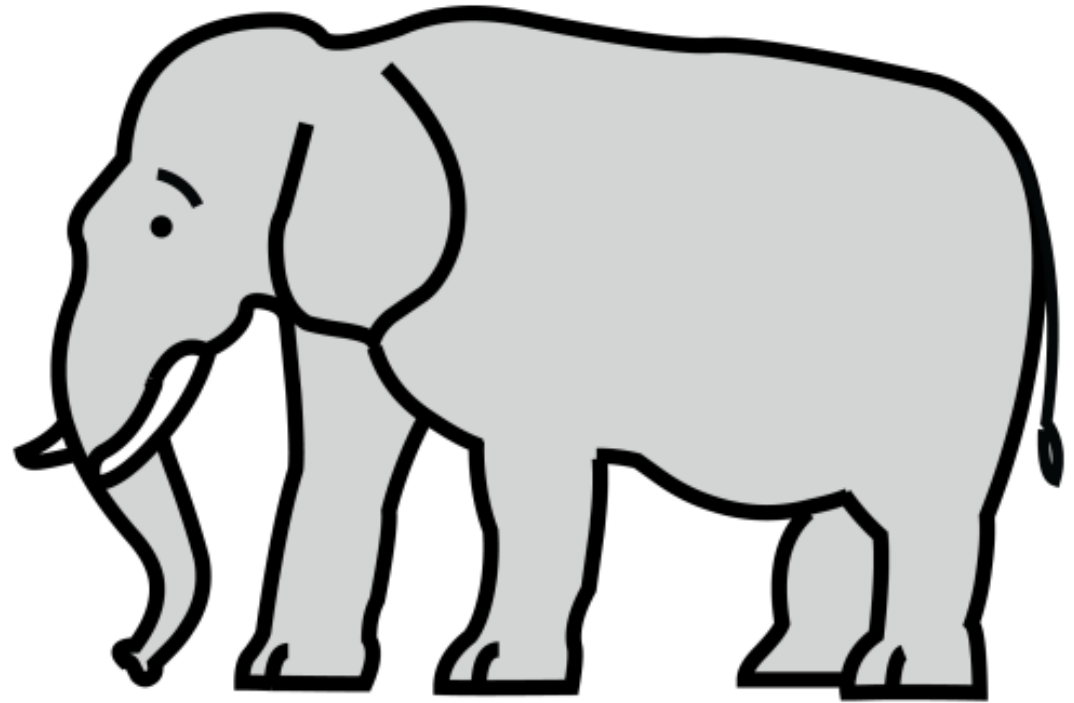

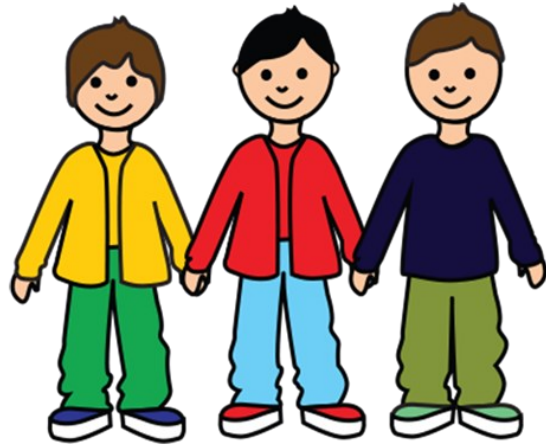

Bees go, “buzz buzz.” Bees make honey. I love honey, do you too?

Animals are living creatures, like  
me and like you.

Allah made the animals. Allah  
made everything. Allah made me.

**And Allah made you!**
