

# Allah Loves the Kaaba

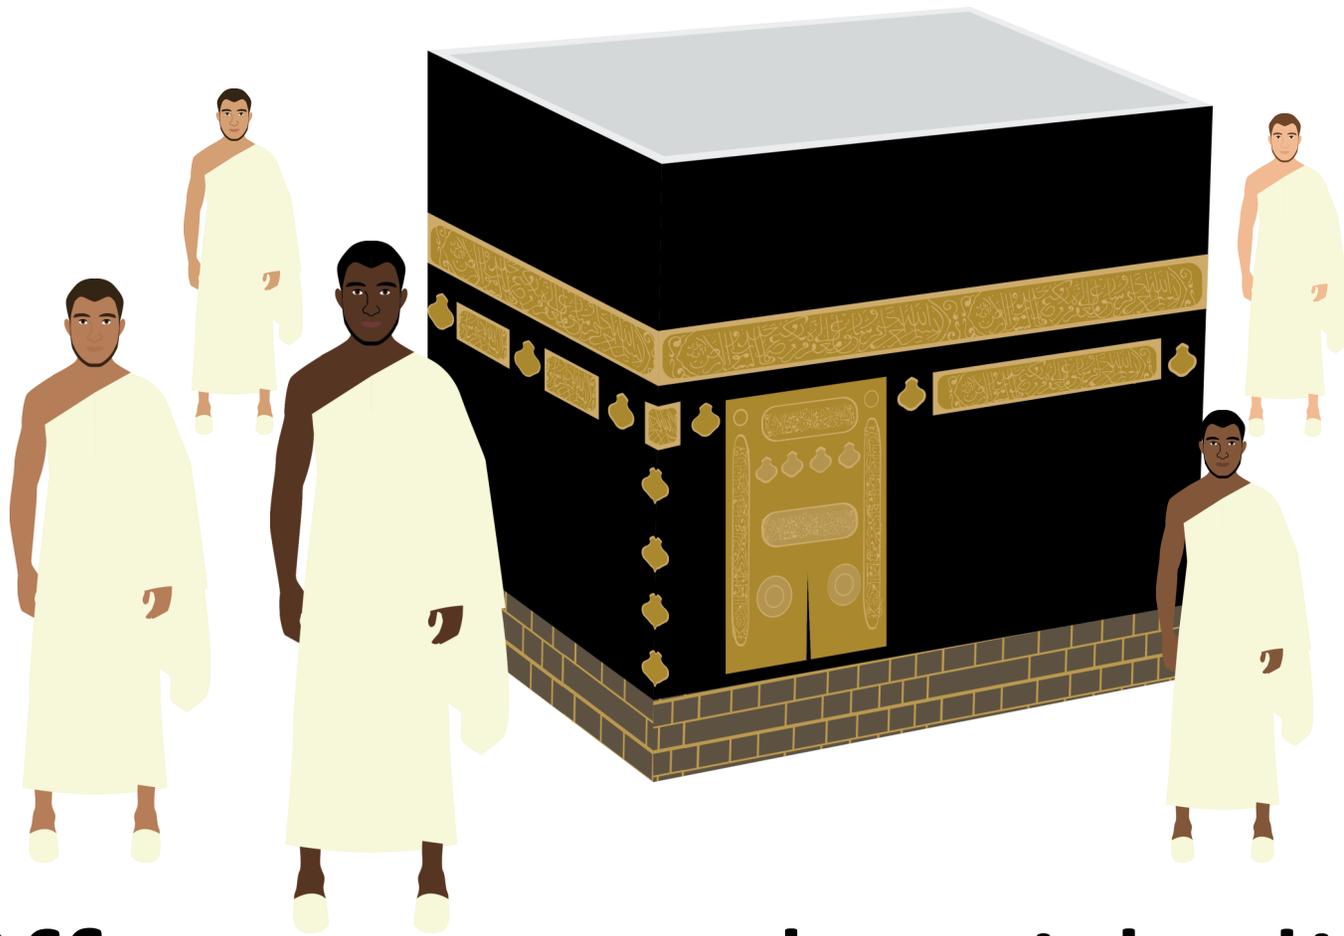

Allah made us all.  
Allah loves when we are kind.

Allah loves a place called the Kaaba. The Kaaba reminds us that we are all the same inside.

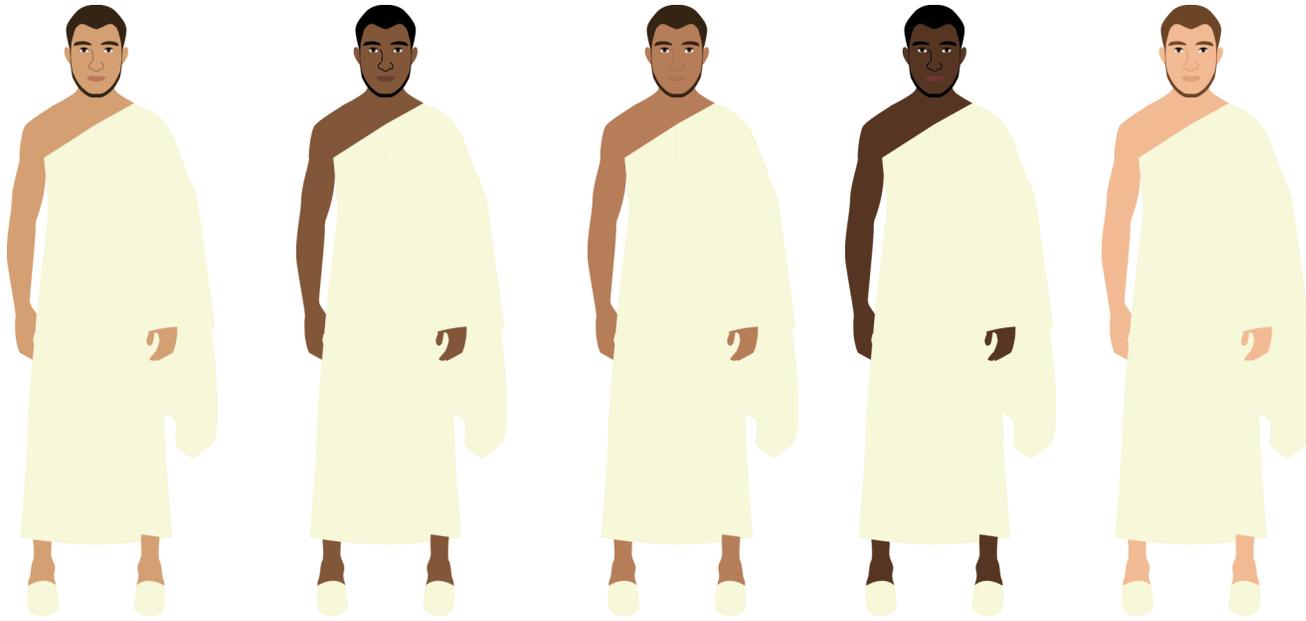

Allah likes when we all pray in the same way facing the Kaaba. We pray the same way.

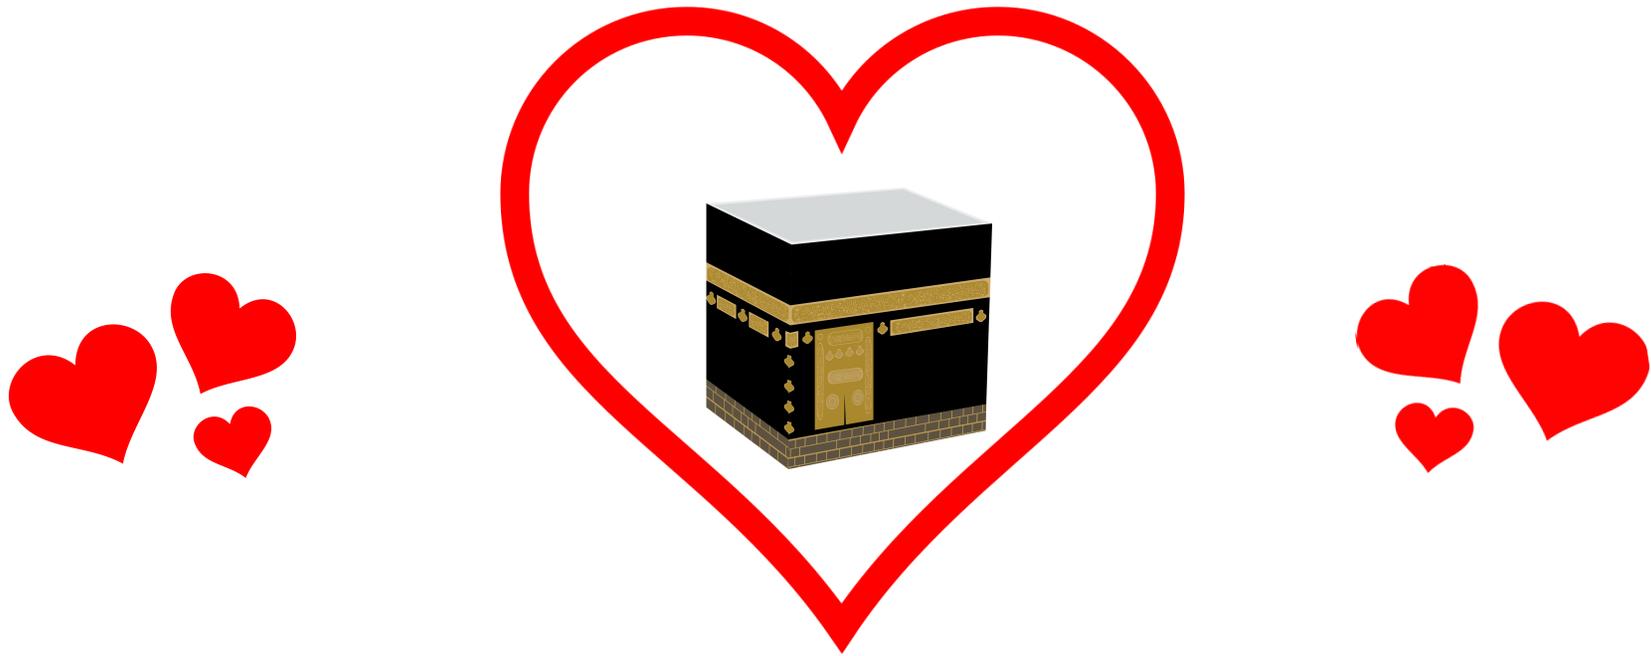

Different people with different skin colours walk round and round the Kaaba together.

People look different on the outside but people are the same on the inside when they are kind.

We can be like a team when  
we visit the Kaaba.  
We can all be kind.

Allah loves when we pray to  
Him by facing the Kaaba.  
Allah loves when we are kind!
